

WIOT5003Z Gas Sensor

FEATURES

1. Zigbee HA1.2 standard protocol, good compatibility;
2. Super-low power consumption ;
3. AC powered, installation tools free, Plug-and-Play;
4. Can be used as a repeater to extend the transmission distance
5. High stability semiconductor sensor;
6. V0 cover material, corrosion resistant and anti-self-ignition;
7. convertible plug, can be used in different countries;
8. Mini stylish design with appearance patent;

SPECIFICATION

Color	White
Working voltage	AC 100-240V
Average consumption	<1.5W
Alarm sound output	75dB/1m
Alarm gas density	6%LEL±3%LEL
Networking	ZigBee
Networking range	≤100M (In an open environment)
Working Environment	-10℃ ~ +50℃
Environment humidity	Max 95%RH
Dimensions	79* 68* 31mm (plug not included)
Sensitivity	3000± 1000ppm
