

Newhouse Specialty. S70 PL Industrial Laundry Basket Scale (pounds - kilo)

All steel heavy duty tubular frames with hand pulls so scale can be pulled over uneven floors. Accurate high quality scale head unit with a capacity of 330lbs. The Scale head is made of steel with nickel or zinc plating on all of the internal mechanisms for maximum protection against corrosion. The chart and fine point indicator are protected by a clear, shatterproof plastic cover which makes the weigh reading easy.
