## 1 x 8.0KG DUAL AGENT - SPCR 199 KIT

### DESCRIPTION

The 8.0kg Dual Agent kit has been configured for your Heavy Vehicle applications.

The kit is for engine compartments up to 4.0m<sup>3</sup> and will have all the parts necessary to provide a SPCR 199 (P-Mark) accredited system.

Larger or smaller engine compartment volumes require the system to be up-scaled or down-scaled accordingly.

All kits come complete with a factory filled and pressurised cylinder, the Reacton Heavy Duty Vehicle cylinder bracket and all fittings and fixings for a successful installation. (Please note that Single & Double Hose clamps will need to be added depending on your installation.)

Items such as Manual Actuators, Shutdown, Isolation and Monitoring systems will need to be added separately.
