

TIDE BLANKET

M SCHNEID
D JULIA JESSEN

The Hazy blanket is a woven black and white watercolor reminiscent of a landscape or a rugged coast. The blanket's artistic inspiration of abstract paintings is underlined by its fluid and dynamic space of two tone shades. Fine pure sheep wool and the smooth color transitions give Hazy its lightness and tenderness. This luxurious and cozy blanket perfectly complements a wide variety of living spaces and can also be used as a stunning wall hanging. Hazy stays with you in cold winter days and chilly summer evenings to always keep you warm and comfortable all year round.
