

CHAIRS WOODY

Designed by **Josep Lluscà**

DESCRIPTION

The design of the Woody chair has a subtly “vintage” aroma, as a tribute to the classic wooden slatted chair, it strives for the balance between essential concepts such as lightness, functionality, ergonomics, and respect for the environment, with others such as resistance, both indoors and outdoors, durability, and ease of maintenance. In the Woody chair we have worked with complex curves and natural shapes such as that of a drop of mercury or a pebble, looking for the effect in the rigid plastic of an upholstered polyurethane foam, a soft shape that suggests comfort just by looking at it, before sitting down in it.
