## Bar series „Scotch“

Design: Robert Stadler, 2018

„Scotch“ is descriptive in terms of being a scotch tumbler and a pitcher. But it is also referring to the sticky tape which was the inspiration for the décor - Stadler is known for playing with words. In fact the engraved band recalls the sealing paper strip on a bottle's tap. Being placed on the tumbler its two different ending heights indicate respectively two different volumes: 6 and 12 cl.
