Design: Martino Gamper, 2016

NEO - a tumbler with contemporary ornament. Martino Gamper is known for his curiosity and his radical sense for experimentation. A very simple Double old fashioned whiskey tumbler gets transformed by cutting, engraving, polishing, sand-blasting, hand-painting, gilding, and lustre painting. "I wanted to take on the challenge of creating a contemporary ornament using the traditional Lobmeyr-techniques." The project is part of the Vienna Design Week 2016 "Passionswege" project. The one-off prototypes are signed and sold together with a custom design presentation object. 54 single variations, structured in IX families, are produced to order. – A separate line sheet is available on request. Lobmeyr takes a selection of 12 tumblers into regular production.
