

NEVA SIDEBOARD

M ARTISAN
D REGULAR COMPANY

The Neva product collection was greatly inspired by natural forms and the simplicity and elegance of wood in nature. Wood in essence is organic, and its forms soft. For years has wood been forced into geometrical shapes, because this was the only way to accomplish larger volumes in serial production, and organic forms have been reserved for artisanal carpenters. Modern technologies such as cnc carving have made it possible for more complex forms to be introduced into serial production, and in the spirit of the company the production of the Neva collection is an elegant dance of modern technology and artisanal handcraft, which are unavoidably overlapped. This approach makes it possible for such artistic pieces in wood to be not only reserved for the elite, but also available to the broader public.
