

PLATEAU SIDE TABLE

M ECHTSTAHL
D FELIX KLINGMÜLLER

The side table »Plateau« is made from thin, powder-coated steel. The table features a round and a rectangular board and thus combines the form and style of both »Plateau« shelves, transferring their concept from the wall into the room. Whether with a circular or a rectangular surface – this table gives its user the freedom to decide day after day which part to use as the table top and which as the table stand. The versatile side table »Plateau« can be used in the living room, the bedroom and the hallway.
