

BARKA COLLECTION

M EGOÉ
D EGOÉ STUDIO

The Barka collection features an original combination of colors, varnished metal and exotic wood with numerous open angles that immediately attract attention. Its long frame is designed for extended rest and relaxation, and its sides are not cramped by armrests, allowing for freer and wider movement. Your conversations are sure to be longer and more interesting!

The Barka modular collection is a combination of steel and wood constructions available in two variations: tropical wood and acacia. The steel components are galvanized, and finished with a powder coating. The backrest is made of Batyline outdoor mesh, the seat can be made of either wooden slats or Batyline outdoor mesh, and the removable armrests are made of high-quality, outdoor material.
