Keep your cool, especially at the bar. You can be sure that the heightened bar set from the BISTROT BAR series will help you with that in an elegant and comfortable way. While sitting, you can rest your feet on the handily placed bottom frame.

The table features one practical detail – a double hook for your bag, which is something that might please the ladies. The BISTROT BAR series is great for any restaurant or café-like environment.

The bar set is durable enough to last in an exterior setting but also stylish enough to make any interior look chic and elegant. It is space-saving and mobile and made out of exceptionally strong material. You can be sure that the BISTROT BAR will easily bear any guest.
