

LAUREDE COLLECTION

M EGOÉ
D RUUD VAN EGGELEN

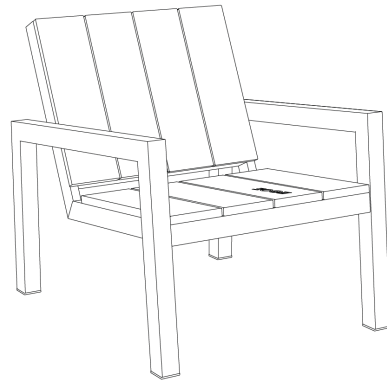

When the Dutch designer Ruud van Eggelen was designing the Laurede series, he had a specific image in his mind – a spacious garden with bold pieces of furniture spread around as individual objects. Thanks to the generous size, the Laurede series is suitable for everyone with enough space to truly enjoy all it has to offer.

Sturdy substantial pieces with unified design create an island of peace, relaxation and togetherness which you will never want to leave. This is the true center of your garden, the very central point. The frame is made out of zinc-coated steel with a powder coated finish and the seats as well as the table boards are made out of tropical wood.
