

## MOJA COLLECTION

M EGOÉ  
D EGOÉ

Have you ever wondered why outdoor seating is not as comfortable as indoor seating? The answer is that outdoor seating must be able to withstand the elements. The result is therefore a compromise between durability and comfort. But not anymore. Egoé offers a selection of soft seating for gardens, terraces and other outdoor areas. Not only can it weather the rain, wind, and snow, but it's probably more comfortable than your favorite indoor ottoman. Moja is at home, outside.

Our Moja modular collection is made of galvanized steel finished with a powder coating. The backrest, footrest, and table are made of Batyline outdoor mesh, and the upholstery is made of high-quality, outdoor material. Our outdoor pillows make for an ideal accessory.

### FRAME

STEEL, ZINC COATED AND POWDER COATED

### SEAT

OUTDOOR FOAM DRYFEEL®  
COVERED WITH WATER RESISTANT OUTDOOR  
FABRIC
