M HUSSL

D EOOS

Eoos: "The 'Hussl Alpin' furniture series is the result of our fascination with the archaic furniture of the Alpine region. A few years ago, we wrote an article for the cultural Magazine 'Quart' about the Alpine sitting room and the many usage Scenarios offered by its simple benches along the wall. An Exhibition we presented at the AUT (Architecture and Tirol) forum led to our collaboration with Peter Hussl. Together, we have explored different sizes of the Alpine bench, from footstool to outdoor shelter."
