

ReCLIPS COLLECTION

M HOUE
D HENRIK PEDERSEN

ReCLIPS is a collection of chairs with wide lamellas clipped on a powder coated aluminum frame. The lamellas are made from Danish household plastic trash and produced in Denmark. The lamellas for the ReCLIPS collection contain 97% Danish household plastic trash added 3% color pigment. The technology behind reusing plastic household trash for furniture production is developed in Denmark. With ReCLIPS you are basically looking at the result of mixing Danish design and Danish innovation and converting this new thinking and material into a chair.

MATERIALS

Lamellas: plastic

Armrest: powder coated aluminum or bamboo
