Rosewood | Black Bronze with Highlighted Edges

Admont Pendant

J.T. Kalmar conceived this impressive Wiener Werkbund design in 1930. Fitted with 10 arms and as many incandescent lamps, Admont is an elegant and organic sculptural accompaniment to dining tables of varying lengths. The oiled rosewood, wenge, oak or walnut frame branches into individual lamp holders, which are protected by natural silk shades that completely eliminate glare from a 60-degree angle. Admont features the proprietary black cord that distinguishes the Kalmar Werkstätten brand, and metal may be finished in blackened bronze or matt black lacquer.
