

JL6 SABETH TABLE ROUND

M LOEHR
D JULIAN LÖHR

SABETH tables are a further evolution of FABER, formally referring to the wooden framework of North European half-timbered architecture. Higher thicknesses let the raw material, solid oak, stand out even more and celebrate craftsmanship and material.

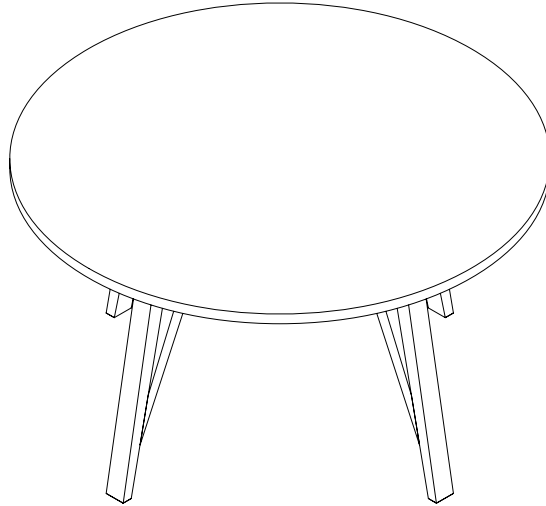

D 53.1" x H 29.5"

MATERIAL

SOLID EUROPEAN OAK

FINISHES

NATURAL OIL
NATURAL CLEAR VARNISH
UNICOLOR LACQUER

D 53.1" x H 29.5"

MATERIAL AND SURFACES

solid European oak

- natural, oiled
- natural, clear varnished
- unicolour lacquered

small parts

- steel screws, galvanized

SPECIFICATIONS

- Solid wood products are made from 100% FSC-certified wood from European forestry.
- For oiled wood surfaces a pure, solvent-free hard oil is used. This surface treatment fulfils: DIN 68861/1C (chemical stress on furniture surfaces), EN 71-3 (migration of soluble heavy metals).
- Coloured and clear lacquers used on wood and composite materials are matt, lightfast, water-thinnable and based on an acrylic binder. This surface treatment fulfils: DIN 68861/1B (chemical exposure of furniture surfaces), EN 71-3 (migration of soluble heavy metals), DIN 53160 (part 1 and 2 saliva and perspiration fastness).

TRANSPARENCY

All SABETH tables are handcrafted in partnership with a cabinet maker in Mecklenburg-Western Pomerania. Our production partner works according to the statutory minimum wages and social security applicable in Germany. Local production, the short delivery distance of not more than 150km, the use of non-industrial production methods and environmentally friendly surface treatments result in an excellent environmental balance.
