

EIERMANN 3 Table

M RICHARD LAMPERT
D Alexander Seifried, 2015

One of the classics in design history, got one more upgrade. In 2015, Alexander Seifried, allowed the table to go even bigger, with a new base. Thanks to the many colour options for the frame, the many different material options for the tabletop, the different sizes available and a design with either centrally positioned or offset crossbars, the table is the ideal solution for worktops, desks and conference tables.
