

In-Out Chair

M RICHARD LAMPERT
D Eric Degenhardt

A lightweight and utterly comfortable armchair for indoor and outdoor use.

A chair to retreat to with a good book or to relax and listen to your favourite music. A visually appealing, yet natural, tubular steel construction with weather-resistant powder coating. Frames are available in various colors and with many different covers. The cover is easy to remove and padded with foam for superior comfort. For outdoor use, the covers are available with a weatherproof net made from coated hemp. An ingenious chair, just as ideal for having a nap in the office as it is for enjoying cool drinks in the garden or for relaxing in front of the fireplace.
