D ALEXANDER SEIFRIED, 2018
M RICHARD LAMPERT

Friendly Mr Square, a character you can rely on every morning and throughout the whole day. Not just another 'designer chair', but a sophisticated piece of furniture that provides superior comfort and looks great. It features a comfortable seat and backrest, depth suspension and gas-damped spring, height adjustment and, thanks to castors, it's easy to move around. And all that at a very reasonable price.
