

## Seesaw Working Chair

**M** RICHARD LAMPERT

**D** PETER HORN

A chair for the office or for the home. A chair for work, for conferences and meetings. A space to develop ideas, to think, all the while rocking gently.

With its gentle rocking motion, the Seesaw chair inspires us to move, to stretch and to get up every now and again instead of remaining in the same position for a long time. A comfortable chair with great ergonomics that keeps the user active.

W 16.5" x D 16.5" x H 18.1"-21.3"
