

## Trolley Barwagen

M RICHARD LAMPERT  
D Herbert Hirche, 1956

The trolley designed by Herbert Hirche in 1956. A cult object in the late fifties and sixties. To celebrate the centenary of Herbert Hirche in 2010 we offer a re-edition of this classic.

Made with a minimal black steel structure, authentic 1950's designed wheels and structured security glass. More than a nostalgic and period look, the design is timeless.
