

STOCKHOLM BED

M RICHARD LAMPERT
D ALEXANDER SEIFRIED

Stockholm is based on the Lönneberga stackable bed. Both beds have been designed by Alexander Seifried. The characteristic shape of the slanted head and footboards has been preserved, but, with widths of 140, 160 and 180 cm, Stockholm offers more space and is also available with a higher headboard and an optional drawer. American sizes on request.
