

## ZIG ZAG PENDANT

M VICTOR FOXTROT

ZIG ZAG looks light but is a heavyweight. The pendant light emits a brilliant white but warm light downwards with a colorful reflection upwards. It is particularly suited for restaurants, bars, or for one's own dining table. It perfectly illuminates tables or bar counters but at the same time, the faces are immersed in a flattering half-shade. The lighting of the ZIG ZAG is second to none.
