

BASTI

M DAS KLEINE B

D JENS BAUMANN + SEBASTIAN FEHLBERGER

The shoe rack basti is a light frame construction made of oiled oak, with white powder-coated steel shelves. Unobtrusive and functional, and pleasing to the eye.

The shoe shelves of the basti series can be combined as required – depending on how much space is needed. Together with gardero-b they deliver a completely variable size solution for shoes, jackets, and coats.

BASTI 3 W 20.2" x D 9.4" x H 23.9"
