Drilled for Bat Pins

Dimensions

- 20" x 21" x 20"

Speed

- 0-250 RPM,
Reversible

Ship Weight

- 118 lbs

2-piece splash pan
w/ clips included

The exterior of the "Whisper" resembles the RK-10, but that's where the similarities end! This new wheel features a brushless DC motor and direct drive (no belt) system. The motor is electronically controlled and operated by a fixed foot pedal and hand lever. It's reversible, and the steel body is durable under all conditions. A 12" wheelhead and two-piece splashpan are included as standard features.

That perfect wheel you've been waiting for? → The RK-Whisper is it!
