

# Dometic Chill Box & Verigo Blue Tooth Datalogger Kit

## For off-site vaccinations

The kit is made up and includes the following:

- 1x Verigo Blue Tooth temperature datalogger
- 2x Rubber Insulation Mats
- 2-6 Chill Wrap Sheets
- 1x Dometic Chill Box - 15L, 28L, or 42L model
- Free Verigo app available on Apple and Google Stores

The kit comes complete and ready to use. Please read the instructions before use. The Verigo blue tooth datalogger is stored inside of the Dometic chill box along with the inventory. The Verigo data logger is configured and data downloaded by connecting via blue tooth to your mobile phone using the free Verigo app which can be downloaded from Apple and Google stores. All alarm notifications are displayed on the phone and data can be emailed after use. Data can also be stored automatically on the Verigo Cloud.
