

Bisley WORKWEAR

BISLEY ADVANCED 24-HOUR (NON-ALCOHOL) HAND SANITISER

BISLEY Hand Sanitiser is a safe and effective way to stop contact based infection.

BISLEY Hand Sanitiser is alcohol-free and helps keep your skin soft and healthy. It is suitable for use on children, and is safe to use around food, pets and plants.

Unlike traditional alcohol based hand sanitisers that only provide short term protection, our unique quatlok technology creates an invisible microscopic layer of protection on your skin which continually destroys bacteria for up to 24 hours*.

Up to 24 hours
continuous protection

Kills 99.999%
of bacteria

Softens & protects
the skin

*Product needs to be re-applied after washing hands

ADVANCED 24-HOUR (NON-ALCOHOL) HAND SANITISER

HAND SANITISER COMPARISON

The following is a comparison between conventional alcohol-based hand sanitisers and **BISLEY Hand Sanitiser**. Both sanitisers kill 99.99% of germs, but that is where any commonality stops.

ALCOHOL BASED HAND Sanitiser	BISLEY ADVANCED 24-HOUR (NON-ALCOHOL) HAND SANITISER
<ul style="list-style-type: none"> ✗ Conventional hand sanitisers today contain 65% - 80% alcohol ✗ Ethyl alcohol delivers a flash kill of bacteria on the skin ✗ Ethyl alcohol is both highly flammable, and an intoxicant ✗ Ethyl alcohol has a short life, generally less than a minute ✗ Ethyl alcohol dewateres, dehydrates and damages the skin ✗ Ethyl alcohol offers no residual germ protection 	<ul style="list-style-type: none"> ✓ Keeps hands clean, fresh and protected for up to 24 hours (needs to be re-applied after washing hands) ✓ Key active ingredient is sustainably sourced from nature ✓ Forms an invisible layer of microbial protection on skin ✓ One daily application for efficient nonstop germ protection ✓ No flammable alcohols ✓ Skin friendly, non-allergenic, softens and protects the skin ✓ Confident protection from germs all day long
