

Thank you for purchasing the Pulsar® APX Vape! In order to ensure safe use, please read all instructions and safety warnings before operating. Failure to follow instructions may result in injury and may void your warranty.

### Friendly User Tips:

- For best results, fill chamber halfway or more, but do not pack tightly. This allows for even heat distribution and room to stir your herbal blends if necessary throughout usage.
- Once the vaporizer reaches desired temperature, allow 30 seconds before using. This ensures the herbs in the chamber are evenly heated, maximizing efficiency.
- Always allow unit to reheat for 5 seconds between each inhale.
- To maximize efficiency, whenever possible after using allow unit to cool, and then stir herbs before the next cycle.
- The Silicone Screen Assembly in the mouthpiece helps provide a smoother vaping experience, please be sure to clean it periodically.
- Be sure to turn off the unit when you are done by pressing the on/off button 5 times within 2 seconds.

## CHARGING INSTRUCTIONS

- Battery Power & Charging Indication
- Battery level display
- Green: 100%-60% charge
- Orange: 60-20% charge
- Red: 20-0% charge
- Low Battery: Alternating red & green LED flashing 3 times and default to turn off.

IMPORTANT: You will need to fully charge your Pulsar® APX Vape before using it. Insert charger plug into unit & the other end into a dedicated USB port or wall socket if using AC wall adapter (Not included!). Set Pulsar® APX Vape on its side – do not let unit dangle from charge cord. This puts pressure on the charger plug that can result in the unit not charging fully.

- Battery Charge Time: Allow approximately 3 hours for the first full charge. Do not charge for more than 24 hours. Additional charges time: Approx 1.5 hours
- Please note: Battery indication light will show charging connection is made by slowly flashing red until fully charged, at which point will stay solld green.

- Low battery indication: When battery requires charging. the battery icon will show red and will not heat.
- AC Wall Adapter: Use ONLY Pulsar® brand AC Wall Adapters! Failure to follow warnings contained within this manual can result in property damage or personal injury, and may void the warranty.

The Pulsar® APX Vape battery will deliver approximately 1.5 hours of continuous power, depending on use. Both the battery and chargers are designed to prevent overcharging, ONLY USE APPROVED

PULSAR® CHARGERS! Failure to do so can damage the battery, which can result in property damage or personal injury and may void the warranty.
