Maximum Temp: Approx. 1000°F

#### Ceramic / Quartz Nail Mode

Starting Temp: Approx. 650°F  
Maximum Temp: Approx. 1000°F

*Please avoid heating device more than 5 times continuously to avoid the possibility of getting burned.*

### How to Use:

First, attach included USB charging cable, and charge unit fully before use (approx. 80 minutes). The power button glows red while the device is being charged. When fully charged, the button glows green.

Before attaching the glass bubbler attachment, fill it with water to the indicated level for smoother filtration. Then carefully re-attach.

#### Titanium Nail (3 Click Button Operation)

To heat the unit, quickly press the button 3 times. The button glows white as it is heating, and turns green (25 seconds) when it is ready for dabbing. The Titanium Nail will stay heated before auto-shutting off in 25 seconds.

When the unit shows it is ready for use, remove the carb cap and very carefully place material on the Heating Plate. Replace carb cap, and inhale.

You can always add your concentrate prior to heating, or in the middle of the heat up cycle to use at a lower temperature.

To power off, click the button rapidly 3 times

#### Ceramic / Quartz Nail (5 Click Button Operation)

To heat the unit, quickly press the button 5 times. The button glows green as it is heating, and turns white (30 seconds) when it is ready for dabbing. The Ceramic / Quartz Nail will stay heated before auto-shutting off in 30 seconds.

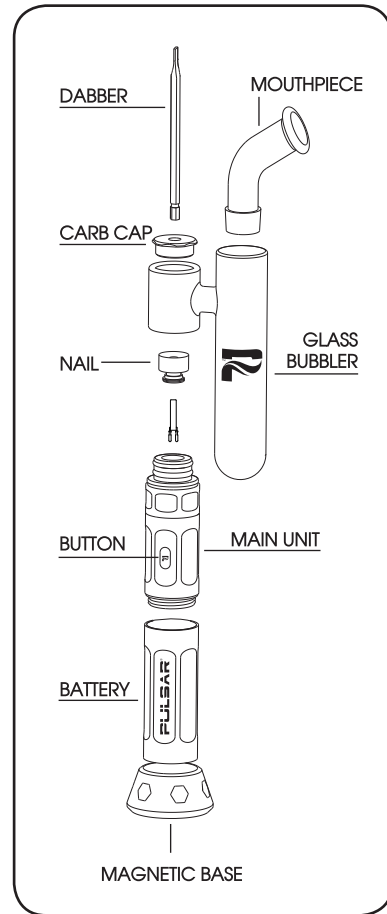

When the unit shows it is ready for use, remove the carb cap and very carefully place material on the Heating Plate. Replace carb cap, and inhale.

You can always add your concentrate prior to heating, or in the middle of the heat up cycle to use at a lower temperature.

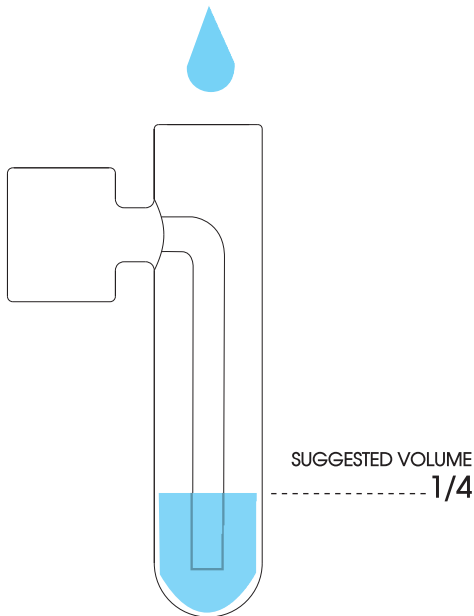

To power off, click the button rapidly 5 times

Note: Always press the power button 3 or 5 times, depending on the nail in use, to startup or shutdown the device. The power button light will flash 5 times when battery power is low and 3 times when there is a short circuit.

**WARNING:** Heating Plate Assembly will get extremely hot during operation. Allow to completely cool before touching.

Pour water into bubbler to the recommended level as depicted by the diagram. Do not overfill. Do not blow on the mouthpiece, otherwise water will damage the heating element.

1. Turn nail counter clockwise to remove nail
2. Turn nail clockwise to secure nail

### Important Safety Warnings

Do not expose to extreme temperature or direct sunlight. Do not drop the unit or accessories. Do not submerge in any liquid. Do not modify the electronics in any way. Please allow the full cool down time between cycles or cleaning. Pulsar<sup>®</sup> Hand-E-Nail V3 and accessories are intended for adults only. Do not sell, provide or allow access to minors. Keep all parts, concentrates, herbs and liquids away from children and pets. Pulsar<sup>®</sup> products are not medical devices and are not intended to diagnose, treat, mitigate, cure or prevent any ailment, disease, or other conditions. Consult a physician before use, especially if you suffer from heart disease or any other medical condition, or if you are pregnant or breastfeeding. Failure to follow any of these instructions could result in product damage, property damage or personal injury.

### Limited Warranty

All glass attachments are handmade, and may contain imperfections.

The Pulsar<sup>®</sup> Hand-E-Nail V3 is guaranteed from manufacturer defects or malfunction from date of purchase for a period of 1 Year. This limited warranty protects against manufacturer defect under normal use and does not apply to normal wear & tear; improper use; accidental damage from dropping or submerging in liquid; improper cleaning; neglect; or any other damage that is not a result of defective materials or workmanship. If your Pulsar<sup>®</sup> Hand-E-Nail V3 qualifies for servicing, we will repair or replace, at our discretion and expense, any defective parts or materials. Purchaser must provide a copy of the original dated sales receipt and may be required to provide shipping to return defective parts or materials. We intend to complete all repairs/replacements within 7 business days, although this timeframe may vary depending on shipping, replacement part availability, or other related factors. The lawful and proper use of this device is a condition of sale. Any improper use of the Pulsar<sup>®</sup> Hand-E-Nail V3 will void the warranty. Warranty is non-transferable. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Important Note: All Concentrate Nails are disposable attachments. Once a plate is used, no warranty coverage or replacement will be offered.
