- Re-Fillable Oil Tank
- 150 Puffs per Charge
- Auto-Shutoff
- 6 Month Limited Warranty on Battery. 3 Month Warranty on Tank. Used coils are not covered under warranty.

QUICK START GUIDE:

- To charge, carefully thread battery onto the included USB Charger, and plug into a handy USB port. Make sure to not let the unit hang as this can damage the USB connection. While charging, a red LED light will show on the battery as well as the charger. When fully charged, approx. 1.5-2 hours, the LED on the charger will change to green.
- To fill tank, gently twist and pull black mouthpiece off the housing. Remove the center hole plug (DO NOT DISCARD). Hold tank at an angle and carefully fill tank in the CENTER HOLE with a needle tip bottle. DO NOT fill the tank in the side wall air hole, and DO NOT overfill. Replace the rubber stopper to prevent leakage. Replace the mouthpiece.
- When ready to use, remove the CENTER HOLE PLUG again, and gently inhale. The LED light will glow red as you inhale to indicate activation.
