

► EDITH ADA

A fresh interpretation of simple country wall-mounted candle sconces featuring a handcrafted ceramic reflector. This rich combination of rustic ceramic, pattern, and brass has a beautiful depth of character that is at once both vintage and modern. The Edith ADA sconce is a versatile accent light with a warm glow that meets ADA requirements.

Namesake: Edith Wharton was an American author, garden designer, and interior designer who was the first woman to win the Pulitzer Prize in literature.
