**DIMENSION**

**ATTENTION**

**BEFORE YOU USE**  
Read these instructions completely and carefully.

**⚠ WARNING**

- Do not submerge the Work Light in water.
- Do not obstruct walkways or common areas with the cord.
- Do not modify this fixture. Any modifications may render the product unsafe and void warranty.

**Prepare Electrical Wiring**

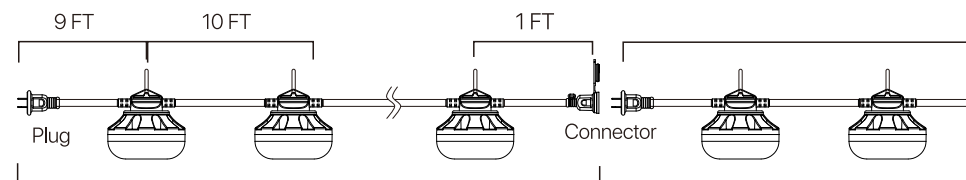

**Electrical Requirements**  
The LED driver must be supplied with 120VAC, 60 Hz per product label and connected to an individual properly grounded branch circuit, protected by a 15 or 20 ampere circuit breaker.

**▲ NOTE!**

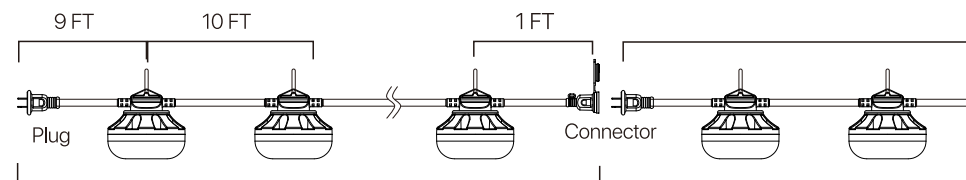

- This product is suitable for wet locations.
- Do not operate the Work Light in explosive atmospheres, such as in the presence of flammable liquids, gases or dust. The Work Light generates sparks which may ignite the dust or fumes.
- Do not leave the Work Light unattended when it is plugged into. Unplug it from its electrical outlet before leaving.

**CONNECTING STRING LIGHT**

50 FT/5 lamps

Additional String Light up to 18 string lights maximum

100 FT/10 lamps

Additional String Light up to 9 string lights maximum

Note: Total connection do not exceed 960 Watts.
