Things to Know

Hamburger Fold-Fold horizontally

Hotdog Fold-Fold vertically

Dotted Lines-These are the cutting lines

Accordion Fold-This fold is like making a paper fan. Fold on the first line so that title is on top. Turn over and fold on next line so that title is on top again. Turn over again and fold again on the next line so that title is on top. Continue until all folds are done.

Cover Labels-Most of the booklets that are folded look nicer with a label on top, instead of just a blank space. They will be referred to as “cover label.”

How do I know where to place each booklet in the lapbook?

A booklet placement key is at the top of every booklet page. This key shows where that particular booklet will go in that folder.

This placement key tells you the booklet goes in the first folder at the top of the left flap.

How do I use the book with the lapbook?

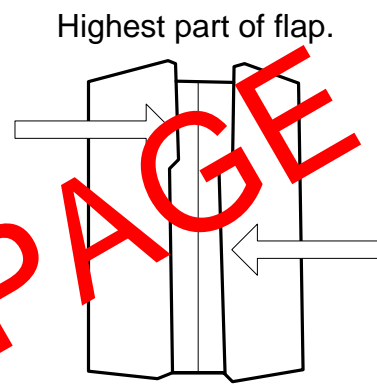

First, read the question in the book. Then, read the Bible verse that is given. Let your child do the copywork that goes with the Bible verse. This lets you and your child focus “first” on what the word of God has to say about the question asked. As your child does the copywork, place it in a binder or a 3 prong folder. Next, do the booklet that goes along with the question. This allows for the “re-telling” part of the story from your child’s point of understanding.

Folding a Lapbook Base

Gather the number of folders required for the project. Fold them flat as seen here.

For each folder, fold the left and right sides inward toward the original line to create two flaps. Crease so that the highest part of each flap is touching the original line. It is important not to let the two flaps overlap. *You may want to take a ruler and run it down each crease to make it sharper.*

Glue your folders together by putting glue (or you may staple) on the inside of the flaps. Then press the newly glued flaps together with your hands until they get a good strong hold to each other. Follow this step to add as many folders as you need for your project. Most of our lapbooks have either 2 or 3 folders.
