# Things to Know

**Hamburger Fold**-Fold horizontally

**Hotdog Fold**-Fold vertically

**Dotted Lines**-These are the cutting lines

**Accordion Fold**-This fold is like making a paper fan. Fold on the first line so that title is on top. Turn over and fold on next line so that title is on top again. Turn over again and fold again on the next line so that title is on top. Continue until all folds are done.

**Cover Labels**-Most of the booklets that are folded look nicer with a label on top instead of just a blank space. They will be referred to as “cover label.”

**How do I know where to place each booklet in the lapbook?**

This placement key tells you the booklet goes in the first folder at the top of the left flap.

A booklet placement key is at the top of every booklet page. This key shows where that particular booklet will go in that folder.

**How do I use the book with the lapbook?**

First, read the question in the book. Then, read the Bible verse that is given. Let your child do the copywork that goes with the Bible verse. This lets you and your child focus “first” on what the word of God has to say about the question asked. Next, do the booklet that goes along with the question. This allows for the “re-telling” part of the story from your child’s point of understanding.

# Folding a Lapbook Base

Gather the number of folders required for the project. Fold them flat as seen here.

For each folder, fold the left and right sides inward toward the original line to create two flaps. Crease so that the highest part of each flap is touching the original line. It is important not to let the two flaps overlap. *You may want to take a ruler and run it down each crease to make it sharper.*

Glue your folders together by putting glue (or you may staple) on the inside of the flaps. Then press the newly glued flaps together with your hands until they get a good strong hold to each other. Follow this step to add as many folders as you need for your project. Most of our lapbooks have either 2 or 3 folders.

## Supplies and Storage

\* *The Answers Book for Kids-volume 3*

\* Lapbook Pages

\* 3 Colored File Folders

\* Scissors

\* Glue

\* Stapler

\* Brads (not needed for every lapbook. If brads are not available, a stapler will do.)

\* Hole Puncher (again, not needed for every lapbook.)

### To make the storage system (optional)

See details below about the use of a storage system.

\* Duct tape (any color)

\* One 3-ring binder

\* Hole Puncher

### My child has made several lapbooks. Can I store all of the lapbooks together in one place?

Yes! A three-ring binder serves as a great place to keep your lapbooks. This method of storage not only keeps your lapbooks from getting lost but also keeps them neat and readily available to share with dad, grandparents, friends, etc. When you are through sharing your lapbooks, just place the three-ring binder back on your bookshelf! Below are step-by-step directions on how to prepare each lapbook to be placed in a three-ring binder.

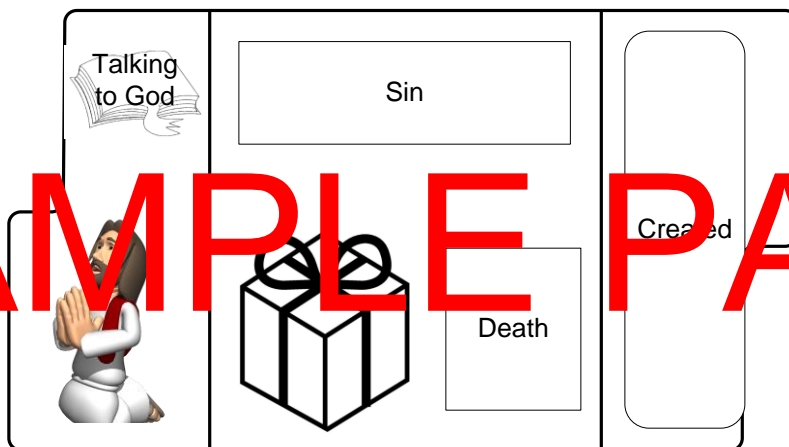

Close the lapbook. Measure a piece of duct tape that is as long as the lapbook. Place the edge of the duct tape on the top edge of the lapbook. Then fold the duct tape over so that it can be placed on the bottom edge. Make sure to leave enough duct tape sticking out from the edges to punch three holes. Be careful when punching the holes that you do not punch the holes in the folder. If you do, that's okay. Then place in three-ring binder. Depending on the size of your three-ring binder, you can store many lapbooks in it.
