Materials Needed

What you need to get started

- *A printed copy of the Zoology 3- Land Animals of the Sixth Day Lapbook by A Journey Through Learning
- *Zoology 3 Land Animals of the Sixth Day text by Jeannie Fulbright
- *3 colored file folders
- *Scissors
- *Glue (We recommend Xtreme by Elmers)
- *Hole puncher
- *Brads
- *Stapler
- *Crayons and/or colored pencils
- *Small piece of string or ribbon

To make the storage system

- *Duct tape
- *One 3-ring binder

How to Start

This 3-folder lapbook is specially made to go along with Zoology 3 Land Animals of the Sixth Day by Jeannie Fulbright. Each lesson (chapter) has about two booklets for a total of about 25-30 booklets. Gather three folders and fold them so that they will be ready to use as you go through the lapbook. Directions for folding are included on the following page.

At the top of each mini-booklet page are directions concerning the construction of your mini-booklet, pages to read from the Fulbright book (highlighted in bold text), and what your student will record in the mini-booklet. A small key is also in the top corner to show where to glue each mini-booklet into the folder.

In the back you will find an answer key, additional reading suggestions for each lesson, and enrichment pages.

Hamburger Fold-Fold horizontally

Hotdog Fold-Fold vertically

Folds-Labeled with a small line to show where the fold is and the words "hamburger fold" or "hotdog fold."

Dotted Lines-These are the cutting lines

Cover Labels-Some of the booklets will have a cover label that will need to be glued to the top to cover a blank space.

Folding the folders

1. Gather the number of folders required for your particular lapbook.

2. Open up each folder and flatten it out.

3. Take the right side and fold it all the way over until the tab is just before the middle crease in the folder. Do not overlap this crease with the tab.

4. Fold the left hand-side over just to the crease but not overlapping it. Your folder now has two flaps. We like to run a ruler down each fold to make the fold neater and flatter. Do steps 3 and 4 to the remaining folders. Now it is time to begin your lapbook.

5. When your child has filled up the first two folders with the mini-booklets, take the two folders and apply a generous amount of glue to their flaps. Stick them together. Now you are ready to prepare them for the storage system. Do the same for the rest of the folders as they are completed.

Making a storage system for your lapbook(s)

This method of storage not only keeps your lapbooks from getting lost but also keeps them neat and readily available to show to dad, grandparents, friends, etc. When they are not being shown off, just place the binder on your bookshelf!

Roll out enough duct tape to go across the folders lengthwise.

Put duct tape sticky side up. Place binded edge of lapbook on the duct tape (no more than $\frac{1}{4}$ inch!).

Then stick duct tape to the other side again about $\frac{1}{4}$ inch. There will need to be enough tape to hole punch.

Stick duct tape into hole puncher but be careful not to punch holes in your folders.

It will look like this.

Store folders in 3-ring binder.

My Land Animals of the Sixth Day Lapbook

Name _____

School Year _____

Goes with Lesson 1

Folder 1

Cut out this piece and the two pieces on the next page. Stack pieces in this order- "Cover" piece on top, "Predators" piece in middle and "Prey" piece last. Staple at the top. Glue into lapbook. **Read Predators and Prey and also Creation Confirmation, pages 4-6.** Define term on each piece. Then as you go through this Land Animals study, list animals that are predators on the "Predator" piece and those that are prey on the "Prey" tab.

PREDATORS

SAMPLE PAGE

PREY

Folder 1

Goes with Lesson 3

Cut out shape as one piece. Hamburger fold on middle line. Glue into lapbook with title up. **Read Do Not Feed the Bears, page 34.** Why is it dangerous to feed bears? Write the answer to the question in the booklet.

Folder 1

Goes with Lesson 3

Cut out booklet as one piece. Tri-fold with title on top. Cut out question tabs. Glue one tab on each section of the booklet. Glue booklet into lapbook. **Read Mephitidae Stink, pages 45-46.** Answer the questions on the tabs.

What does Mephitidae mean?

How do skunks warn before they spray?

Where do most skunks live?

What do skunks like to eat?

Goes with Lesson 7

Folder 2

Cut out the booklet as one shape. **DO NOT CUT OFF FLAPS.** Fold bottom square back. Then fold back the two flaps and glue. This will create a pocket. Glue into lapbook. Cut out cards from the next page. Store in pocket. **Read Order Edentata, Sloths, Anteaters, Try This, and Armadillos, pages 125-128.** Match the picture card with the info card.

They spend 99 percent of their time in trees, often hanging upside down. They are lazy and sleep about 15 hours a day.

They like ants, termites, and grubs, eating up to 30,000 a day. They have a 2-foot-long tongue coated with a sticky goo that catches the insects.

They have a hard shell to protect them from danger. They are great swimmers and can hold their breath underwater for up to six minutes.

Sloth

Anteater

Armadillo

Folder 2

Goes with Lesson 9

Cut out around the box with the cow. Hotdog fold in middle. Cut out cover label and glue on top of closed booklet. Glue into lapbook. **Read Order Artiodactyla, page 151.** Using the picture on page 151 as a guide, draw in the four stomach chambers of a cow.
