Things to Know

Hamburger Fold-Fold
horizontally

Hotdog Fold-Fold
vertically

Dotted Lines-These are the cutting lines

Accordion Fold-This fold is like making a paper fan. Fold on the first line so that title is on top. Turn over and fold on next line so that title is on top again. Turn over again and fold again on the next line so that title is on top. Continue until all folds are done.

Cover Labels-Most of the booklets that are folded look nicer with a label on top instead of just a blank space. They will be referred to as "cover label."

How do I know where to place each booklet in the lapbook?

A booklet placement key is at the top of every booklet page. This key shows where that particular booklet will go in that folder.

Folder 1

This placement key tells you the booklet goes in the first folder at the top of the left flap.

Folding a Lapbook Base

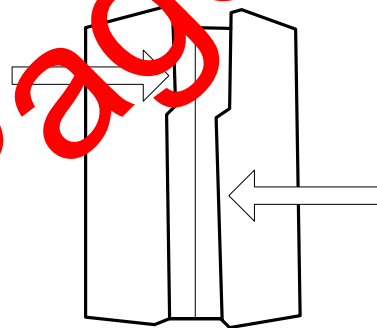

Gather the number of folders required for the project. Fold them flat as seen here.

Original fold line

For each folder, fold the left and right sides inward toward the original line to create two flaps. Crease so that the highest part of each flap is touching the original line. It is important not to let the two flaps overlap. *You may want to take a ruler and run it down each crease to make it sharper.*

Highest part of flap.

Glue your folders together by putting glue (or you may staple) on the inside of the flaps. Then press the newly glued flaps together with your hand until they get a good strong hold to each other. Follow this step to add as many folders as you need for your project. Most of our lapbooks have either 2 or 3 folders.

How Long Does it Take to Complete the Lapbook?

Doing a Bible section and mini-booklet a day, a 3-folder lapbook takes about one month to complete. However, you can expand the study portion and make it last as long as you like! That's the beauty of homeschooling! Do it YOUR way!

Study Choices

Choice #1- Start with the first page. Read the given Bible verses from your Bible. Then use the internet and fun children's books to learn more about the topic or person that is covered in those verses. Spend a day or spend a week on that topic or person. The pace is up to you! When your child has completed studying that particular topic or person, it will be time to do the corresponding mini-booklet. The mini-booklets are found on the same page as the Bible verses. Or, your child might want to do the mini-booklet before he/she delves deeper into the subject. Once again, the order is completely up to you and your child.

Choice #2- Read only the Bible verses and do the mini-booklet that goes with it. You may choose to do one Bible verses /mini-booklet per day, two per day, two per week, three per week, etc. It doesn't matter. The pace is completely up to you. At one per day, it will take about a month to complete a 3 folder lapbook.

Lapbook Assembly Choices

Choice #1 -Do not glue your folders together until you have completely finished all three folders. It is easier to work with one folder instead of two or three glued together.

Choice #2 -Glue your blank folders together before beginning. Some children like to see the entire project as it is being done. Plus, it helps with keeping up with which folder you are supposed to be working in. The choices are completely up to you and your child!
