

Approved Water Supplies

The Regulated Hose Supply, our number one seller, has no bulky components to mount and no valves to open or close. No tools required — just screw the hose onto a standard garden hose bibb. For use with batteries equipped with Millennium Evo or Pro-Fill systems. (SPW system must have BA-QDV-505 quick coupler.)

REGULATED HOSE SUPPLY

|-------------------------------------|---------------------|
| Regulated hose supply with 20' hose | BA-MS-320-20 |
| Regulated hose supply with 5' hose | BA-MS-320-05 |

PORTABLE WATERING CART

Flow-Rite has redesigned the watering cart with you in mind! The new portable watering cart has a smaller footprint, allowing for easier storage and cost-effective shipping.

Benefits to you include:

- Same capacity, smaller footprint!
- Ergonomic, upright design eliminates a user bending down
- Dedicated hose wrap notches
- Easy access spray bottle holders

DEIONIZER

Maximizes battery life by removing ions and heavy metals that are present in tap water. The separate bed deionizer uses an ion exchange cartridge to filter the water before it enters the battery.
