

This image contains several black and white line art templates for a chickadee. At the top is a head template with two large, solid black circular eyes. Below the head are five different wing and tail templates. To the left of the head are three smaller wing templates, each with a wavy line indicating feather detail. To the right of the head is a larger tail template with a pointed end and a wavy line. At the bottom left is a small, curved wing template. At the bottom right is a large, oval-shaped body template.
