

6" BAFFLE SLIM NIGHTLIGHT

Dimmer Compatibility Guide

This compatibility list is based on testing conducted by the manufacturer in a lab simulated environment. Actual results may vary.

BRAND	MODEL
LUTRON	AYCL-153P-WH
LUTRON	CTCL-153PDH-WH
LUTRON	DVCL-153PR-WH
LUTRON	MACL-153MH-WH
LUTRON	PD-6WCL-WH
LUTRON	P-PKG1W-WH-R
LUTRON	TGCL-153-PH-WH
LEVITON	D26HD-2RW
LEVITON	P2-06672-1LW
LEVITON	R50-IPL06-10M
LEVITON	R62-06674-POW
EATON	AL06-C1
EATON	SAL06P-LA-K
KASA SMART	HS220
KASA SMART	HS220P3

We highly recommend using a ELV (electronic low voltage) dimmer compatible with LED lights. Buzzing or flickering is typically an indication that the dimmer and lights used are not compatible. Please consult dimmer manufacturer for maximum wattage capacity.

*May experience “pop-on” behavior, in which lights cannot be turned on immediately to their minimum level. To resolve this issue, first raise the slider switch above the minimum level to turn the lights on, then dim to a lower light level as needed.
