Installation Manual

EASY INSTALLATION   Recessed Mount

1. **Turn off circuit breaker before installing.**

2. **Place Ceiling Panel face down on flat surface.**
   - Unscrew 2 driver covers and set aside screws.

3. **Pop out knockout (choice of 6).**
   - **Optional:** If using dimmer, pop out 2nd knockout.

4. **Use switches to choose CCT and brightness settings:**

Brightness	CCT
-40W	-4000K
-50W	-5000K
-60W	-6000K

5. **Connect conduit to each knockout.**
   - Feed wires through.

6. **Connect supply wires to Ceiling Panel wires with included wire nuts:**
   - Black to Black (Live)
   - White to White (Neutral)
   - Green to Green (Ground)

   OPTIONAL: To use dimming feature, connect pink and purple wires on Ceiling Panel to compatible dimmer (not included).
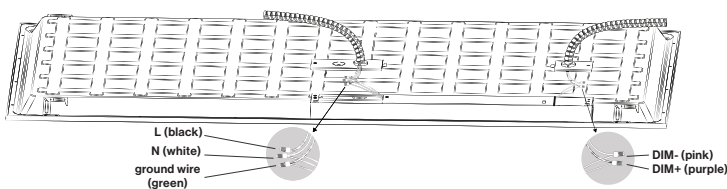

7. **Replace driver covers.**
   - Tighten screws.

8. **Bend 4 protective brackets located on back of Ceiling Panel up 90º.**

9. **Turn brackets 90º. Hook should face outside edge of Ceiling Panel.**

10. **Turn on circuit breaker and test light.**
