

Item# 9423

LAMP HOLDERS FOR T8-T12 LED AND FLUORESCENT LINEAR LAMPS

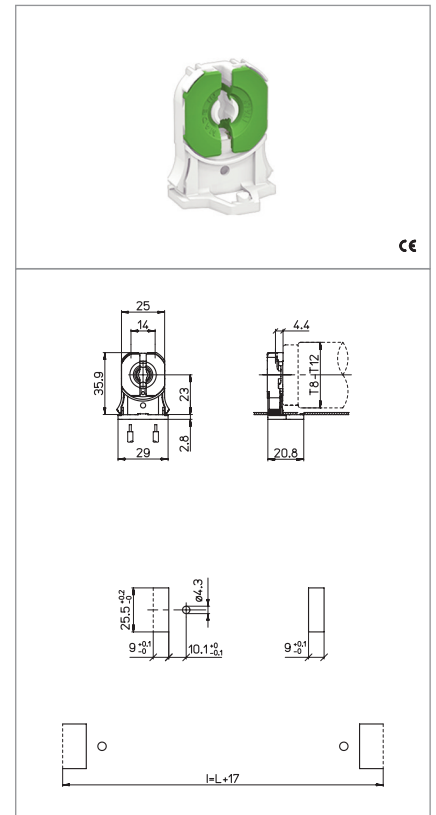

Technical data

- Lamp cap	G13
- Rated current and voltage	2A-500V
- Maximum operating temperature (IEC)	T140
- Protection index	IP20
- Impulse withstand category	II

Characteristics

- White PBT body
- Copper alloy contacts
- With top test

Non-Shunted

push-through fixing

fixing metal plate thickness

lamp centre height
(from the bottom of the metal plate)

SN

version without stop nib

PBT green rotor with position of...

push-wire terminals with 2 holes

rigid conductor section

rigid wires stripping

enclosed backside, without wire release

Quality marks

660W-600VHT120 (UL496)

"RoHS" compliant

Country of Origin: Italy
HS Tariff : 8536.61.0000
