4" GOOF RING
Install Guide and Manual

COMPONENTS

Goof Ring

EASY INSTALLATION

Recessed Can Mounting

ON / OFF

Turn Power OFF

1. **Turn off power.**
   **- If new recessed light install skip to #3.**

2. **Remove existing 4" recessed light from can housing and disconnect power (TP24 connector or E26 Adapter, as appropriate).**

   - Applications also include ceiling fans and ceiling fixtures.

3. **Slide Goof Ring onto lamp housing on back of 4" recessed light (over retention clips).**

   - Note that Goof Ring will be loose on top of the trim so you can reposition it.

4. **Reconnect the power to 4" recessed light (TP24 connector or E26 Adapter).**

5. **Hook downlight retention clips into can.**

6. **Push downlight up into can housing until secure.**

7. **Gently slide the Goof Ring so it is centered and covers uneven ceiling.**

   - Note that Goof Ring is held in place between recessed light and ceiling.

ON / OFF

Turn Power ON

8. **Turn on power.**

WARNING

• Goof Ring is not a toy.

• This product should be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.

• Abide by related regional and local laws or regulations.

• Check for damage during shipping prior to install. If the product is damaged, do not use it.

• Use safety precautions. Safety eyeglasses and gloves are recommended.
