

LED HIGH BAY MHB09

HB09 is a budget-friendly product with a high return on investment. The compact and light-weight housing design provides excellent heat management while also supporting two installation methods - hanging and hook mount. The hanging method does not require additional adapters for installation, making it easy to operate. HB09 is a versatile high bay suitable for a variety of areas including warehouses, gyms, covered outdoor areas, garden centers, mezzanines, and more.

SPECIFICATION

Construction

- Casting thermally conducts LED heat to optimize performance and long life.
- With corrosion-resistant powder coating that provides protection and architectural appearance while adapting well to the environment.

Optics

- Color Temperature are available in standard 3000K, 4000K, 5000K (80 CRI) configurations.
- Anti-UV prismatic translucent lens is designed to shape the light uniformity and controls the glare light.

Electrical

- Universal input voltage of 120V
- PF >90%, THD <20%.
- Operating Temperature Range: -40F - 104F.

Mounting

- Hook Mount.
- Conduit Pendant Mount.

Warranty

- Three-year warranty.

Certifications

- UL cUL wet location listed.

Note

- Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 77°F(±41°F) specifications subject to change without notice.
