

SWEETWATER *HOT TUBZ*
QUICK REFERENCE GUIDE

Start Up

When filling a new spa (or after changing the water): Remove filter and add water through the skimmer reservoir by placing the hose inside. Once the spa is filled, turn on power. Set jets on high to purge the system of air. Continue by following these recommended steps below to properly balance your water.

1. Set the cartridges 0-6 according to tub size. Insert the **FROG Mineral** and **@ease** (or **bromine**) **Cartridges** into the in-line chamber *-or-* drop in the **FROG** Floating Sanitizing System into the hot tub.
2. Add 1-3 oz of **All Clear** Stain & Scale Control** into water.**
3. Add 1-3 capfuls of **All Clear** Sanitizer** (DiChlor) into skimmer with filter pump on high.***
4. Test alkalinity and **pH** of water and adjust if necessary.

* If the alkalinity is over 200, add 10 oz of **All Clear** Dry Acid** for every 300 gallons of water into the middle of the hot tub. (Wait 2 days to obtain correct **pH** reading)

- **Lower pH** by dispersing 3-4 capfuls of **All Clear Dry Acid** across water with jets running.
- + **Raise pH** by adding 1-2 capfuls of **All Clear Soda Ash** into skimmer with jets running.

Once a Week

1. **Clean the Filter.**
2. Add 1oz of **All Clear* Stain & Scale Control.**
3. Add 1-3 capfuls of **All Clear** Sanitizer.*****
4. Add 1oz of **Non-Chlorine Shock Oxidizer** (additional purchasable product)
5. Check **pH**, adjust as necessary utilizing **All Clear Soda Ash* or Dry Acid.***

Once a Month

1. Replace **@ease** or **bromine** Cartridge.
2. Replace **Mineral** Cartridge every 4 months.

If water gets Cloudy, Discolored or has an Unpleasant Smell

(Do not go in cloudy water)

1. **Clean the filter.**
2. Turn filter pump on **High.**
3. Add 1-3 capfuls of **All Clear** Sanitizer.*****
4. Put 3oz of **All Clear** Clarifier** into spa water.
5. Add 1oz of **Non-Chlorine Shock Oxidizer** (additional purchasable product)

NOTE: In severe cases, above process may need to be repeated.

** Alternative brands may have been supplied if All Clear brand was not available

***Depends on severity of problem in water and/or hot tub size.
