WORKSHOP

EVAPORATIVE COOLER

240V 750W

With its compact size, this TradeQuip "Made for the Trade" Portable Evaporative Cooling unit is perfectly suited to smaller work areas, yet still delivers an impressive amount of air output. Huge in performance, this easy-to-operate unit produces up to 23,000 cubic metres of airflow per hour. It is fitted with a rugged, weather-resistant one-piece moulded polyethylene housing that will not crack or leak. The remote control 3-speed fan forces warm air over rigid water soaked evaporative cooling media to reduce ambient temperatures by up to 10°C .

FEATURES

- One-piece moulded polyethylene housing
- Cools without chemicals or refrigerants
- Long-term maintenance-free dependability
- European design synchronous swing function
- Easy to read water level sight tube gauge
- Dual pour in refill water inlet and/or 3/4" hose
- LCD 24hour timer panel
- Nylon castors for easy portability
- Remote control speed adjustment

MADE FOR THE TRADE

SPECIFICATIONS

- Power Unit: 240V 50Hz 750W
- Max. Air Flow: 23,000 m3 per hour
- Noise Level: 70dB(A)
- Fan Diameter: 750mm (5 Blade)
- Speed Control: 3-speed
- Effective Cooling Area: 150-200m2
- Water Consumption; 10-15 Litres per hour
- Water Tank Capacity: 130 Litres
- Castor Wheels: 100mm Dia (2 with brakes)
- Dimension: 1730(H) x 1120(W) x 680(D)
- Nett Weight 63kg
