
GIFT TAGS

WWW.VOL25.COM

INSTRUCTIONS

You can use Adobe Reader (download it for free online) to print your holiday tags. You may use whatever paper you have on hand. I recommend a heavier cardstock, this will give the tags some weight and thickness. For a higher quality end result I recommend printing on a matte photo paper.

Printing Tips:
To save paper and avoid unnecessary printing, exclude the first two informational pages.

Make sure the “print actual size” or “print at 100%” box is checked. This will make sure it prints the correct size.

LEGAL INFO

You may use these tags for personal use, The illustrations are copyrighted and are not to be used for commercial use of any kind. If interested in licensing, please e-mail me at contact@vol25.com and I can give you my agen'ts e-mail address. Feel free to blog or share the link, but please link back to the original post. Thank You, and Enjoy!

Jessica Rose
