

FIRST RESPONDER PLATE CARRIER

The TPG BLACK™ First Responder Plate Carrier (FRPC) is designed to meet the needs of our first responders in a high threat environment. The FRPC has three (3) built-in rifle magazine pouches and an elastic cummerbund with built in pouches that allows first responders to add extra equipment and ammunition for high threat response. The elastic cummerbund sits close to the body allowing easy access and use of equipment from the duty belt. The design provides the end user with a lightweight platform while offering superb agility without sacrificing any protection. The padded adjustable shoulder straps. Front velcro section accepts multiple accessory options including rifle/pistol mag pouches, IFAKS & more.
