

RAPID DEPLOYMENT PLATE CARRIER WITH SERE

The TPG BLACK™ Rapid Deployment Plate Carrier (RDPC) is designed to provide the end user with a lightweight platform while offering superb agility without sacrificing any protection. With full PALS webbing coverage, the end user can easily configure to their specific requirements. The adjustable shoulder straps and cummerbund allow the user to adjust the ballistic protection to the optimal position. The SERE Quick Release System offers one or two hands rapid removal of the carrier system even while wearing gloves.
