

Click-In Case for iPad®

Style, function and protection

Simply Smart Cases

Style and function join forces to deliver protection and performance for your iPad. The patented custom-moulded tray with reinforced corners secures and safeguards, while the strong magnetic closure ensures safe travel. A simple flip transforms your case into a sturdy stand for comfortable typing. Flip again for easy viewing. Virtually infinite viewing angles let you customise your view, while deep grooves anchor the edge to keep your view stable.

Every case features Military Standard drop protection

The MIL 810G 1.2m/4ft drop protection is a test standard set by the US Department of Defence and is generally accepted as the benchmark for ruggedised protection of mobile computers and equipment.

Tests include:

- 4ft/1.2m drop protection testing, 25 drops on concrete – no device damage
- Dust and water splash tests

*As tested by an independent third party applying MIL-STD-810G, Method 516.6, Procedure IV.
